SKYLIGHT

Volta is part of the Electric Blocks—a network of five flexible buildings in Portland’s Central Eastside where creativity and innovation flow freely.

**We can flex,
so you can pivot.**

Your business will grow. Wouldn't it be great if your workplace could grow with it? At the Electric Blocks you've got options to grow and pivot as your business does.

- 350,000+ total RSF across 5 buildings
- 50,000+ RSF of outdoor terraces with views
- 500+ parking spaces
- 350+ secured bike parking spaces

THEELECTRICBLOCKS.COM

Calling all visionaries.

Vintage buildings have real character that once destroyed can never be replaced. When we saw the soaring wooden ceilings and exposed trusses of the former warehouse that would one day become Volta, we had to restore it to its former glory and then some. Overflowing with natural light, Volta preserves the original character and accents while bringing in cutting-edge sustainable design and integrated art to create a workspace where bright ideas run wild.

**Craft your
vision here.**

This wasn't a restoration, it was a reinvention. The roof, walls, and windows were designed in harmony to make Volta a high-efficiency building for the future.

It's all in the details.

EXPANSIVE, OPERABLE WINDOWS
PRESERVED AND EXPOSED TIMBER ROOF
15 TO 20-FOOT CEILING HEIGHTS
TARGETING LEED PLATINUM
TARGETING PATH TO NET-ZERO
TOUCH-LESS BIKE GATE AND DOOR ACCESS
HVAC SYSTEM EQUIPPED WITH MERV FILTERS

Imagine
your company in
Portland's most
creative neighborhood.

Volta is alive with energy.

The Central Eastside is perfectly located, minutes from Downtown, along the edge of the Eastbank Esplanade, and at the center of Portland's burgeoning Mural District. Volta is just where you want it to be.

The Electric Blocks hosts some of the city's best outdoor markets and events and is home to an open-air, public art gallery boasting 100+ rotating murals.

Nine-to-five with soul.

It takes endless inspiration if you want to change the world - and a few like-minded people who believe they can do it. In Volta at the Electric Blocks, you will find a whole neighborhood designed to bring visionary minds together.
